PROJECTS

Hoverboard working model (09/2018 - 11/2018)
- This project was about to make the working model of hoverboard which was electrically powered.We made the body of the vehicle using wood and pvc . Cutting, drilling and soldering operation are performed.I performed this project in a group of five people which improved my team working skills.

Super Market Management system by Phython (09/2019 - 11/2019)
- In this project I made list of the products in the super market with their prices to checkthe stock in the super market. For making this project I used phython language to write the programI used arrays and classes I phython to complete the project.

Elliptical Trammel (09/2019 - 10/2019)
- In this project i made elliptical trammel mechanism which is a inversion of double slider crank mechanism.I made this working prototype with the help of cardboard sheets.

INTERNSHIPS

Online Summer Internship on Vehicle dynamics
AMZ automotive

05/2020 - 06/2020

I done my summer internship with AMZ automotive through online. The internship was about vehical dynamics(behaviour of vehicle in the motion).

SKILLS

Creo   AutoCad   Phython   C language   C++

Engineering Drawing   MATLAB

ACHIEVEMENTS

Awarded 1st Prize in ASME EFX parachute prototype competition in Lovely Professional University,Phagwara (09/2018)
The competition is to make a prototype of parachute

WORKSHOPS/SEMINARS/PARTICIPATION

Participated in 'YOUNG SPEAK FORUM ' organized by AISEC in Lovely Professional University,Phagwara (09/2018)
AISEC

Participated in ASME EFX Tech day event in Lovely Professional University,Phagwara (09/2018)
ASME

Worked with RRCT trust in the program of distributing books to the students of government school in Gudur (05/2019)
RRCT

POSITION OF RESPONSIBILITY

Member of Charitable trust RRCT Gudur (05/2017 - Present)
RRCT
